Case Interview Questions for Tech Companies
Lewis Lin 2016-10-04

Case Interview Questions for Tech Companies provides 155 practice questions and answers to conquer case interviews for the following tech roles: Marketing Operations Finance Strategy Analytics Business Development Supplier or Vendor Management ...and Product Management -- QUESTIONS COVERED IN THE BOOK

Here are some of the questions covered in the book:

- Marketing Create a marketing campaign for Microsoft Office 365. Write a media statement to respond to Uber mischaracterizations voiced in a taxi leader's newspaper op-ed.
- Operations Describe how Apple's supply chain works. What challenges does Apple face on a day-to-day basis? What's

the bottleneck for an Amazon Robot Picker? And what is the capacity of the assembly line, in units per hour? During the holiday season, Amazon customers shipped 200 orders per second. Amazon's data science team discovered that the average number of orders waiting to be shipped was 20,650. How long did the average Amazon order wait to be shipped?

Finance What should Apple consider before implementing a shop-in-shop store inside Best Buy? If you projected a \$500M expense and the variance came in at \$1M, what are some of the explanations for why that is happening? Be prepared to give more than three scenarios.

Business Development A car dealer partner wants to stop doing business with Uber. What should you do? How would you identify university faculty to source content for an online university? Strategy If you could open a Google store anywhere, where would it be and why? Give your analysis of several recent acquisitions that Google has made. Analytics What top metrics would you track for the Tinder

online dating app? If 1,000 people opened the Uber app during one hour, how many cars do you need? Product Management Let's say we wanted to implement an Amazon Mayday-like feature in Gmail. How would that work? How would you any Microsoft product to a restaurant? AUTHOR BIO Lewis C. Lin, former Google and Microsoft executive, has trained thousands of candidates to get ready for tech interviews, using his proven interview techniques. Lewis' students have received offers from the most coveted firms including Google, Facebook, Uber, Amazon, Microsoft, IBM, Dell and HP. Lewis has a bachelor's in computer science from Stanford University and an MBA from Northwestern University's Kellogg School of Management. He's the author of several bestsellers including Interview Math, Rise Above the Noise as well as Decode and Conquer. HERE'S WHAT PEOPLE SAY ABOUT THE AUTHOR "Got the Amazon offer, with an initial package that was \$100K more than what I currently make at [a top 5 tech company].

It's a dream job for the role of Principal Product Manager for a [special project]. - Q.K. "Just signed the offer for a Google product marketing manager role. Your tips helped me relax and concentrate, so the time went by quickly even though it was really a tough interview." - D.E. "I had my in-person interviews down at Facebook last week and got my offer letter the next day! You were definitely a huge help in preparing for the interviews." - L.S.

Computer-Mediated Communication for Business
Stephanie Kelly 2019-08-22 This collection is a guide to greater communication efficiency in both clarity and time-management for any professional or aspiring professional. It guides the reader through the ways in which communicating through technology rather than face-to-face can alter their perceptions of others and the perceptions others make of them. Each chapter concisely summarizes existing studies from the fields of communication, psychology, philosophy, and engineering to lead the audience to very

practical guidelines to make their professional communication world easier and more efficient. The book is divided into three sections. The first focuses on the more abstract components of communication, such as creating connections and navigating humor. The second part deals with more applied knowledge, offering guides to specific and common technologies used for communication such as email and video conferencing. The final section focuses on training for both trainers and trainees. The volume gathers together contributions by 29 scholars, all of whom offer their own unique expertise and guidance to the audience.

[How to Ace the Brainteaser Interview](#) John Kador
2004-08-23 The inside track on how to beat the "logic puzzle" job interview As if job interviews weren't nerve-wracking enough, many companies, in their pursuit of the brightest and best, have begun beleaguering applicants with

tests of logic, creativity, and analytical abilities. Many firms have replaced traditional interview questions such as "Tell us about yourself" or "What's your biggest weakness?" with mind-benders such as: Why are beer cans tapered at both ends? How many piano tuners are there in the world? How many Ping-Pong balls can you stuff into a Boeing 747? How would you design a bathroom for the CEO of the company? If you could remove any one of the 50 U.S.states, which one would it be? In *How to Ace the Brain Teaser Interview*, bestselling careers author John Kador gives readers the inside track on this new interview technique. He provides 75 puzzles actually used by HR departments across the nation, and he offers tips on how to solve them and present the solutions so as to make the best possible impression.

by James Reed, chairman of recruitment specialists REED. You can't prepare an answer for every interview question. So, of the thousands of questions they might ask, which ones will they ask? After extensive research among hundreds of interviewers and thousands of interviewees, finally here's the book that will give you the answer. Why You? is based on direct input from top interviewers in REED's unrivalled recruitment network. It offers powerful preparation techniques, the lowdown on how to answer the most common questions and - above all - how to adopt a winning mindset at interview, one that will help you succeed on the day. From classic questions like 'tell me about yourself' and 'what are your greatest weaknesses?' to puzzlers like

'sell me this pen' and 'how many traffic lights are there in London?', James Reed reveals what interviewers are really asking. James Reed is the Chairman of REED, the recruitment specialists. He first joined the company in 1992 after graduating from Harvard Business School; since then REED has more than quadrupled in size and reed.co.uk has become the number one job site in the UK and Europe. REED now receives more than 46 million job applications a year and has delivered over 100 programmes helping more than 140,000 long-term unemployed people back into work. James is co-author of Put Your Mindset to Work, winner of the 'Commuter's Read' prize at the CMI Management Book Awards 2012. He is also a Fellow of the Chartered Institute of Personnel and Development (CIPD).
