Death by Meeting Patrick M. Lencioni 2010-06-03 Casey McDaniel had never been so nervous in his life. In just ten minutes, The Meeting, as it would forever be known, would begin. Casey had every reason to believe that his performance over the next two hours would determine the fate of his career, his financial future, and the company he had built from scratch. "How could my life have unraveled so quickly?" he wondered. In his latest page-turning work of business fiction, best-selling author Patrick Lencioni provides readers with another powerful and thought-provoking book, this one centered around a cure for the most painful yet underestimated problem of modern business: bad meetings. And what he suggests is both simple and revolutionary. Casey McDaniel, the founder and CEO of Yip Software, is in the midst of a problem he created, but one he doesn't know how to solve. And he doesn't know where or who to turn to for advice. His staff can't help him; they're as dumbfounded as he is by their tortuous meetings. Then an unlikely advisor, Will Peterson, enters Casey's world. When he proposes an unconventional, even radical, approach to solving the meeting problem, Casey is just desperate enough to listen. As in his other books, Lencioni provides a framework for

his groundbreaking model, and makes it applicable to the real world. *Death by Meeting* is nothing short of a blueprint for leaders who want to eliminate waste and frustration among their teams, and create environments of engagement and passion. **Jeffrey Gitomer's Little Gold Book of Yes! **One Question** Ken Coleman 2013-04-02 The motivating host of one of the nation's largest leadership conferences offers a collection of inspirational and applicable life lessons through conversations with various high profile people. Albert Einstein once said, "To raise new questions, new possibilities, to regard old problems from a new angle, requires creative imagination and marks real advance in science." What is true of science, I'm convinced, is true in all of life. Great questions are often the keys that unlock possibilities for human advancement. That truth has been proven again and again throughout human history, as great interviewers from Bob Costas to Barbara Walters have captivated audiences and ignited imaginations. In a world where the messages of public figures and politicians are carefully crafted by publicists and media consultants, we often receive only partial pictures and manipulated facts. The right questions uncover truths we might not otherwise know. They pull back the curtain on the wizard and give us a more accurate view of reality. —Excerpt from the Introduction If you could sit down with the people you most admire and ask just one question, what would you ask? *One Question* invites you to peer over the shoulder of a master interviewer with access to today's best and brightest as he delivers carefully crafted questions and collects answers guaranteed to surprise, challenge, and inspire. • What is Coach Tony Dungy's advice for achieving success while maintaining integrity? • What advice does Malcolm Gladwell give parents about instilling a work ethic in our children? • How does President Jimmy Carter suggest we continue forward and

reinvent ourselves in new seasons? • What does Robin McGraw have to say to women about reaching their full potential both inside and outside their homes?

*EmpreLiderazgo* Dave Ramsey 2012-05-22 Todo lo que siempre quiso saber sobre cómo montar y hacer prosperar un negocio...cuando no tiene a quien consultar Su compañía solo será tan fuerte como sus líderes. Son ellos, esos hombres y esas

mujeres, quienes pelean la batalla cotidiana bajo la bandera que constituye su identidad. ¿Son valientes o indecisos? ¿Dirigen a un equipo motivado o se limitan solo a manejar empleados? ¿Se les valora? Su equipo no puede prosperar más allá de su capacidad, lo que me hace pensar en otra pregunta: ¿Estamos creciendo, prosperando? No importa si hoy se encuentra en el escritorio como gerente ejecutivo o en un cubículo como gerente de mandos medios o ante una mesa de juego en la sala de su casa que por el momento constituye su nueva empresa...Este libro le servirá de guía práctica para conducir su empresa, paso a paso, a donde la quiera llevar. **Ownership Ladder** Bill Heestand 2019-12 [www.ownershipladder.com](http://www.ownershipladder.com) Ownership Ladder: How a Smart Employee Can Buyout the BossThe Ownership Ladder is about smart employees who buy out the current owner of a business. The book will help you understand a secret that leads you to ownership. Like a career ladder, it is a powerful way to gain control over the direction of your life. The Ownership Ladder is based on the concept of internal succession. It is taught at Harvard and Stanford business schools too. According to John Mill, Author of Hire Your Buyer A Philosophy of Value Creation, "The Harvard Business Review Guide to Buying a Small Business advises MBA graduates that the opportunity to buy undervalued small businesses is so lucrative that they should see it as an "exciting third path" after big company careers and risky start-ups."What is Internal Succession? When an employee, or two, or a group of employees buy a business as INSIDE buyers from the owner it is an INTERNAL SUCCESSION. Contrast that with an EXTERNAL Acquisition. External buyers, while desirable to your owner boss, rarely arrive on their white

horse with a check in hand. It is this reality that makes you and your other partners very valuable to your owner. Ownership is now a possible dream for many of you who may have thought ownership is out of reach. Don't worry that you haven't got financial resources. The book shows you the way it's done. (Secret. Almost no one pays cash up-front for a business. Don't let the IPO market distract you. It's not the real world.) Our web site has valuable resources. Instead of a restatement of the book, you'll find a windfall of hand-selected links to virtually every concept related to buying a business whether it is internal succession or other forms of ownership. The site takes you worldwide to see small businesses facing the same situation that businesses in the USA face. Join our member's list and we'll notify you about the upcoming e-course and other valuable benefits we'll create based on demand. There will be a second book and we are always finding others who are writing on this subject as it goes viral.

**The Legacy Journey** Dave Ramsey  
2014-10-01 What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth—and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?
