Build Your Own Dream Camper Van for Less Than 1000 Pounds

Matthew Ball 2012-11 Now you can build your own dream campervan in just ten weeks – for less than \$1,250! This is the first book to give easy, step-by-step illustrated instructions for the amateur DIYer on a budget. Full of never before seen money- and time-saving ideas, including how to kit out your interior for free, and source your van for peanuts. The ideas in this book will work on any van.

Mercedes-Benz Brian Long 2013-03-18 It's hard to believe, but the W129-series Mercedes-Benz SL was launched over 20 years ago. However, its

timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts, as well as those returning to the car having owned one when they were still in the dealerships. A combination of superb original design and peerless engineering and build quality adds to the desirability of this series of classic German machines, and has ensured that many of these cars can still be seen in regular use today. Covering the SL's ever-changing specification, and its presence in many of the world's major markets is a huge task, but it's all presented here in definitive detail, along with stunning contemporary photography, in a volume that will readily grace any reference library shelf or connoisseur's coffee table. Two

earlier books, also published by Veloce, and covering the W113 cars and the 107-series SL and SLC, act as perfect companions to this title, which takes the SL story up to 1989.

Harley-Davidson Sportster Performance Handbook, 3rd Edition

Buzz Buzzelli For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the

proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old.

Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head.
