Ivy Julie Hearn 2011-09-15 The only beautiful thing in Ivy's drab life is her glorious red hair. At a young age, her locks made her the target of Carrotty Kate, a 'skinner'. It is years before Ivy escapes and finds her way back to her in-laws. Once there, she finds respite in laudanum. But before she can settle into a stupor and forget the terrible things she has done, Ivy is spotted by a wealthy pre-Raphaelite painter. Oscar Fosdick needs a muse (until now he has had to use his mineering mother as a model, something not conducive to producing his best work, he finds). To him, Ivy is perfect, a stunner. Realising quickly that this painter has more money than sense, Ivy's in-laws order her to sit for him, and to do anything else he demands. But not everyone is happy. A Secondhand Lie Pamela Crane 2018-04-01 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot--my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington--deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's Third Watch and Dean Koontz's The Neighbor. Read as a standalone or as the companion book to A Secondhand Life.

308 Circuits Jan Buiting 2003 This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category.
