*The Significance of Clothing Imagery in the Pauline Corpus* Jung Hoon Kim 2004-10-01 There are references to clothing throughout Paul's letters, and the metaphor constitutes a significant aspect of his theology. The imagery appears several times in his letters: clothing with Christ (Gal 3:27; Rom 13:14), clothing with the new man (Col 3:9-10; Eph 4:22-24), and clothing with the resurrection body (1 Cor 15:49, 50-54; 2Cor 5:1-4). In order to understand the background to this use of the clothing metaphor, Jung Hoon Kim examines

similar imagery in the Old Testament, 1 and 2 Enoch, the Apocalypse of Moses, Philo, rabbinic literature, Joseph and Aseneth, the Hymn of the Pearl, and Apuleius's *Metamorphoses*. He also discusses the Roman custom of clothing and the baptismal praxis of the ancient church. Kim concludes that Paul's metaphor suggests the life and glory of the image of God, which were lost by Adam, have been restored by baptism in Christ, and will go on to be consummated at the parousia.

Water, Cultural Diversity, and Global Environmental Change Barbara Rose Johnston 2011-12-07 Co-published with UNESCO A product of the UNESCO-IHP project on Water and Cultural Diversity, this book represents an effort to

examine the complex role water plays as a force in sustaining, maintaining, and threatening the viability of culturally diverse peoples. It is argued that water is a fundamental human need, a human right, and a core sustaining element in biodiversity and cultural diversity. The core concepts utilized in this book draw upon a larger trend in sustainability science, a recognition of the synergism and analytical potential in utilizing a coupled biological and social systems analysis, as the functioning viability of nature is both sustained and threatened by humans.

*Instructions for the Netherworld* Alberto Bernabé Pajares 2008 Orphic gold tables are key documents for the knowledge of rites and beliefs of Orphics, an atypical group that configured a highly original creed and that influenced powerfully over other Greek writers and thinkers. The recent discovery of some tablets has forced a noteworthy modification of some points of view and a review of the different hypothesis proposed about them. The book presents a complete edition of the texts, their translation and some fundamental keys for their interpretation, in an attempt at updating our current knowledge on Orphic ideas about the soul and the Afterlife stated in those texts. The work is improved with an appendix of iconographic annotations in which some plastic representations in drawings are reproduced related to the universe of tablets, selected and commented on by Ricardo Olmos.

**Hatred** Berit Brogaard 2020 "Hatred: Understanding Our Most Dangerous Emotion The first in-depth philosophical analysis of personal hate and group hate, **Hate: Understanding Our Most Dangerous Emotion** explores how personal hatred can foster domestic violence and emotional abuse, how hate-proneness is a main contributor to the aggressive tendencies of borderlines, narcissists and psychopaths, how seemingly ordinary people embark on some of history's worst hate crimes, and how cohesive groups, subjected to spontaneous forces of group polarization, can develop extremist viewpoints of the sort that motivate hate crimes, mass shootings, and terrorism. The book's first part explores hate in intimate relationships, looking for an answer to the question of why our intimate relationships can survive hate and resentment,

but not disrespect or contempt. Berit "Brit" Brogaard shows that where contempt creates an irreparable power imbalance, hate is tied to fear, which our brains may reinterpret as thrill, attraction and excitement. But this can also make hate a dangerous emotion that convinces people to hang onto abusive relationships. When tied to vengeance and the dark triad of personality, hate is not only dangerous but also dehumanizing. Vengeance and the dark personalities are not essential to hate, however. Without them, hate can have more admirable ends. The book's second part explores the polarizing forces that can bias cohesive groups of like-minded individuals and contribute to what is effectively a hate crisis. Drawing on history, politics, legal theory, philosophy, and psychology, Brogaard shows how cultural myths about femininity, ethnic groups, and the land of opportunity perpetuate misogyny, white supremacy and anti-Semitism. But, she argues, politicians and policymakers have it in their power to address the hate crisis through legislation that preserves the original incentive behind the first-amendment right to free speech"--

*The Immortalization Commission* John Gray 2011-10-27 SUNDAY TIMES, NEW STATESMAN and TLS BOOKS OF THE YEAR At the heart of all human experience lies our obsession with death. For many years we turned to religion for answers, but with the twentieth century came ideas from evolution and politics to suggest that our lives - and afterlives - were in our own hands. Such ideas went on to have both trivial and terrible effects: from a sweeping craze of séances to the mass-murders of the Stalinist terror. Gray raises vital questions about the 'truths' science can offer, the technology we

are still exploiting for immortality - and exactly what it means to be human.

**The Blindfold** Siri Hustvedt 2012-06-07 Iris Vegan, a graduate student living alone and impoverished in New York, encounters four strong characters who fascinate and in different ways subordinate her: an inscrutable urban recluse who employs her to record the possessions of a murdered woman; a photographer whose eerie portrait of Iris takes on a life of its own; an old woman in hospital who tries to claim a remnant of the ailing Iris; and a professor she has an affair with. An exploration of female identity in an age when the old definitions - as some man's daughter/wife/mother - no longer apply, fuelled with eroticism and a sense of menace.

JaHyun Kim Haboush's accurate, fluid translation captures the intimate and expressive voice of this consummate storyteller. Reissued nearly twenty years after its initial publication with a new foreword by Dorothy Ko, *The Memoirs of Lady Hyegyong* is a unique exploration of Korean selfhood and an extraordinary example of autobiography in the premodern era.
