This is a rigorous, carefully explained and motivated “beginner’s bible” to power supply design. Between dense, mathematical textbooks on power electronics and tiny power supply “cookbooks” there exists no practical tutorial on the hazards of contemporary power supply design. Our Pressman book, the 800 lb gorilla in the field, is both mathematically dense and 7 years old. This new book, detailing cutting edge thermal management techniques, grouping key

design equations in a special reference section, and containing a concise Design FAQ, will serve both as an invaluable tutorial and quick reference.

**A Story of Karma** Michael Schauch  
2020-09-04 A deeply personal travel memoir that combines alpine adventure, family connections, and spiritual encounters in two very different worlds: a Himalayan village and Vancouver, Canada. In 2012, Michael Schauch and his wife, Chantal, undertook an expedition deep in the Himalaya of northern Nepal, into a remote valley that had been closed off to outsiders for decades. They led a team of artists (a photographer, a musician, and a painter), with the objective of capturing a moment in time through their unique lenses. As a

mountaineering fanatic, Michael had a second (and less conspicuous) goal to climb an unknown mountain he had only identified through a photograph. What unfolded in the mountains forced him to question his values and his own identity, and eventually resulted in meeting a little girl, which was the most profound encounter of his life. Little did either know that from that moment they would completely change the trajectory of each other's life. A Story of Karma recounts this journey, and the years that follow as Karma (the little girl), and Michael and Chantal grow their lives together amidst the confusing dichotomies and backdrop of Karma's 17th-century Himalayan village; the impoverished and polluted Kathmandu; and the modern world of Vancouver, Canada.

*Polysexuality* Francois Peraldi 1995  
Mixing documents, interviews, fiction, theory, poetry, psychiatry and anthropology, "Polysexuality" became the encyclopedia sexualis of a continent that is still emerging. Originally conceived as a special Semiotext(e) issue on homosexuality at the end of the 70s, "Polysexuality" quickly evolved into a more complex and iconoclastic project whose intent was to do away with recognized genders altogether, considered far too limitative. The project landed somewhere between

humor, anarchy, science-fiction, utopia and apocalypse. In the few years that it took to put it together, it also evolved from a joyous schizo concept to a darker, neo-Lacanian elaboration on the impossibility of sexuality. The tension between the two, occasionally perceptible, is the theoretical subtext of the issue. Upping the ante on gender distinctions, "Polysexuality" started by blowing wide open all sexual classifications, inventing unheard-of categories, regrouping singular features into often original configurations, like Corporate Sex, Alimentary Sex, Soft or Violent Sex, Discursive Sex, Self-Sex, Animal Sex, Child Sex, Morbid Sex, or Sex of the Gaze. Mixing documents, interviews, fiction, theory, poetry, psychiatry and

anthropology, "Polysexuality" became the encyclopedia sexualis of a continent that is still emerging. What it displayed in all its forms could be called, broadly speaking, the Sexuality of Capital. (Actually the issue being rather hot, it was decided to cool it off somewhat by only using "capitals" throughout the issue. It was also the first issue for which we used the computer). The "Polysexuality" issue was attacked in Congress for its alleged advocacy of animal sex. Includes work by Alain Robbe-Grillet, Félix Guattari, Paul Verlaine, William S. Burroughs, Georges Bataille, Pierre Klossowski, Roland Barthes, Paul Virilio, Peter Lamborn Wilson, and more.

Emergency Sex (And Other Desperate Measures) Andrew Thomson 2011-05-31

What it's really like on the frontline of humanitarian aid It's the early 1990s and three young people are looking to change their lives, and perhaps also the world.

Attracted to the ambitious global peacekeeping work of the UN, Andrew, Ken and Heidi's paths cross in Cambodia, from where their fates are to become inextricably bound. Over the coming years, their stories interweave through countries such as Rwanda, Bosnia, Somalia and Haiti - war-torn, lawless places where the intervention of the UN is needed like nowhere else. Driven by idealism, the three struggle to do the best they can, caught up in an increasingly tangled web of bureaucracy and ineffectual leadership. As disillusionment sets in, they attempt to keep hold of their humanity through black humour, revelry and 'emergency sex'. Brutal and moving in equal measure, *Emergency Sex (And Other Desperate Measures)* explores pressing global issues while never

losing a sense of the personal. Deeply critical of the West's indifference to developing countries and the UN's repeated failure to intervene decisively, the book provoked massive controversy on its initial publication. Kofi Annan called for the book to be banned, and debate was sparked about the future direction of the UN. Brilliantly written and mordantly funny, it is a book that continues to make waves. Speak with Power and Confidence Patrick Collins 2009 Provides advice and simple techniques for communicating effectively in speeches, business presentations, negotiations, job interviews, media interviews, and other situations where verbal skills are crucial for projecting a powerful and confident image. Deep in Western Australia where the Aboriginals used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just

lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

**Mother, Madonna, Whore** Estela V.

Welldon 2000 Welldon explores why the quality of their bodies is fundamental to women's psychology; how this may lead to self-mutilation; and how such perverse behavior may also be aimed at objects which women see as their own creations, specifically, their babies. The potential causes and consequences of these conditions, including maternal and paternal incest and its frequent aftermath, prostitution, are also discussed.

**Spiritual Warfare** Karl I. Payne  
2021-03 The Bible is clear that we face three different types of opposition while attempting to successfully navigate life as Ambassadors for Christ. Our opposition is identified in Scripture as "the world" (1 John 2:15-17), "the flesh" (Romans 7:15-25), and "the devil" (1 Peter 5:8-9). The sad reality is that too many Christians lose more battles than they win and endure their walk with God rather than enjoy it because they often don't recognize how opposition through spiritual warfare actually works. More importantly, they have no idea how to effectively and efficiently respond to these attacks. Scripture nowhere indicates that a

wish, a hope, a cliché, or a sincere guess represent adequate responses to attacks from these three very real enemies. Christians must be strategic in their responses to these clearly defined enemies, learning how to fight biblically rather than just sincerely. In *Spiritual Warfare*, Dr. Karl Payne-- pastor of Leadership Development and Discipleship at Antioch Bible Church and former Chaplain for the NFL's Seattle Seahawks-- has written a guidebook for recognizing and responding to spiritual warfare that is simple, biblical, and transferable. Pragmatically speaking, the materials in this book are biblically sound, battle tested, and they work. As Christians we are supposed to live life as victors, not victims. It is past time we learn how to

consistently walk our talk in the midst of conflict rather than passively sing songs or daydream about courageous Christian living.

**Six Questions of Socrates: A Modern-Day Journey of Discovery through World Philosophy** Christopher Phillips 2011-01-17 How people around the world grapple with the great questions posed by Socrates. What is virtue? What is moderation? What is justice? What is courage? What is good? What is piety? Socrates thought that understanding the perspectives of others on these six great questions would help him become a more excellent human being. Following in Socrates's footsteps, Christopher Phillips—"Johnny Appleseed with a master's degree" (Utne Reader)—investigates these same questions, beginning in the marketplace of modern-day Athens. He goes on to investigate the timely

responses and outlooks of people from different cultures and backgrounds around the world: from Greece and Spain to Japan and Korea, Mexico City, and Chiapas, where the region's indigenous people struggle for fundamental human rights. Phillips also traveled throughout the United States, holding dialogues in diverse communities from New York City to the

Navajo Nation. Introducing us to less familiar thinkers in non-Western traditions who were kindred spirits of Socrates, Phillips enlarges our perspectives on life's fundamental questions, creating an innovative world survey of philosophy.
