Builders Darren Thiel 2013-05-07 Building workers constitute between five and ten per cent of the total labour market in almost every country of the world. They construct, repair and maintain the vital physical infrastructure of our societies, and we rely upon and trust their achievements every day. Yet we know surprisingly little about builders, their cultures, the organization of their work or the business relations that constitute their industry. This book, based on one-year's participant observation on a London construction site, redresses this gap in our knowledge by taking a close-up look at a section of building workers and businessmen. By examining the organizational features of the building project and describing the skill, sweat, malingering, humour and humanity of the building workers, Thiel illustrates how the builders were mostly autonomous from formal managerial control, regulating their own outputs and labour markets. This meant that the men's ethnic, class and gender-bound cultural activities fundamentally underpinned the organization of their work and the broader construction economy, and thereby highlights the continuing centrality of class-bound culture and

social stratification in a post-industrial, late modern world. Thiel outlines the on-going connections and intersections between economy, state, class and culture, ultimately showing how these factors interrelated to produce the building industry, its builders, and its buildings. Based predominately on cultural and economic sociology, this book will also be of interest to those working in the fields of gender and organizational studies; social class and inequality; migration and ethnicity; urban studies; and social identities.

work by those in hospitals, clinics, and private practice A new chapter on race and ethnicity by renowned expert Stanley Sue *The Island Race* Kathleen Wilson 2014-06-03 Rooted in a period of vigorous exploration and colonialism, *The Island Race: Englishness, empire and gender in the eighteenth century* is an innovative study of the issues of nation, gender and identity. Wilson bases her analysis on a wide range of case studies drawn both from Britain and across the Atlantic and Pacific worlds. Creating a colourful and original colonial landscape, she considers topics such as: * sodomy * theatre * masculinity * the symbolism of Britannia * the role of women in war. Wilson shows the far-reaching implications that colonial power and expansion had upon the English people's sense of self, and argues that the vaunted singularity of English culture was in fact constituted by the bodies, practices and exchanges of peoples across the globe. Theoretically rigorous and highly readable, *The Island Race* will become a seminal text for understanding the pressing issues that it confronts.

Nuclear Family Values, Extended Family Lives Natalia Sarkisian 2012-04-23 *Nuclear Family Values, Extended Family Lives* shows how the current emphasis on the nuclear family - with its exclusion of the extended family - is narrow, even deleterious, and misses much of family life. This omission is tied to gender, race, and class. This book is broken down into six chapters. Chapter one discusses how, when promoting "family values" and talking about "family as the basic unit of American society," social commentators, politicians, and social scientists alike typically ignore extended kin ties and focus only on the nuclear family. Chapters two and three show that the focus on marriage and the nuclear family is a narrow view that ignores the familial practices and experiences of many Americans - particularly those of women who do much of the work of maintaining kin ties and racial/ethnic minorities for whom extended kin are centrally important. Chapter four focuses on class and economic inequality and

explores how an emphasis on the nuclear family may actually promulgate a vision of family life that dismisses the very social resources and community ties that are critical to the survival strategies of those in need. In chapter five, the authors argue that marriage actually detracts from social integration and ties to broader communities. Finally, in chapter six, the authors suggest that the focus on marriage and the nuclear family and the inattention to the extended family distort and reduce the power of social policy in the United States.

Race, Ethnicity, and Gender (reader) Joseph F. Healey 2020-01-15

This book is designed to build off the success of Healey's *Race, Ethnicity, Gender and Class* (now in its 5th edition), and to be a companion title to the Healey paperback, *Diversity and Society* (now in its 3rd edition) Many instructors focus their class on the *Narrative Portraits and Current Debates*, so this book will include expanded versions of them, along with additional readings, to create an excellent and unique reader. Many of the articles and excerpts used for the *Current Debates* are well known in the field. Consistent chapter organization with Introductions to the chapters and for each section, *Narrative Portraits*, followed by *Additional Readings* and concluding with *Current Debates* material. Discussion questions follow each article in the *Additional Readings* and the *Current Debates* sections to help students focus on the key ideas and issues. Both Joe Healey and Eileen O'Brien are recognized scholars and authors in this field, and their name recognition should help give the book an immediate appeal.

American Sports Pamela Grundy 2016-06-16 *American Sports* offers a reflective, analytical history of American sports from the colonial era to the present. Readers will focus on the diverse relationships between sports and class, gender, race, ethnicity, religion and region, and understand how these interactions can bind diverse groups together. By considering the economic, social and cultural factors that have surrounded competitive sports,

readers will understand how sports have reinforced or challenged the values and behaviors of society.

Intersectionality and Higher Education W. Carson Byrd 2019-05-03 Though colleges and universities are arguably paying more attention to diversity and inclusion than ever before, to what extent do their efforts result in more socially just campuses? *Intersectionality and Higher Education* examines how race, ethnicity, class, gender, sexuality, sexual orientation, age, disability, nationality, and other identities connect to produce intersected campus experiences. Contributors look at both the individual and institutional perspectives on issues like campus climate, race, class, and gender disparities, LGBTQ student experiences, undergraduate versus graduate students, faculty and staff from varying socioeconomic backgrounds, students with disabilities, undocumented students, and the intersections of two or more of these topics. Taken together, this volume presents an evidence-backed vision of how the twenty-first century higher education landscape should evolve in order to meaningfully support all participants, reduce marginalization, and reach for equity and equality.

Race and Crime Helen Taylor Greene 2011-04-18 *Race and Crime: A Text Reader* includes a collection of recent articles on race and crime published in a number of leading criminal justice journals, along with original textual material that serves to explain and unify the readings. Through discussion of selected articles, numerous topics are explored, including the historical, social, economic and political contexts of race and crime, such as class, gender, comparative perspectives, justice issues, theories and statistics.

Thinking about Women Margaret L. Andersen 2015-09-09

Race, Class, & Gender: An Anthology Margaret Andersen 2015-03-10 Featuring an accessible and diverse collection of

more than 60 writings by a variety of scholars, this anthology demonstrates how the complex intersection of people's race, class, gender, and sexuality shapes their experiences and who they become as individuals. Each reading in RACE, CLASS, & GENDER addresses a timely-and often controversial-topic, such as health care inequality, undocumented students, domestic violence, genetic technologies, and the effect of the media on body image, thereby giving readers a multidimensional perspective on a number of social issues. Co-editors Andersen and Collins begin each section with an in-depth introduction to provide an analytical framework for the articles. Intersections of Race, Class, Gender, and Nation in Fin-de-siècle Spanish Literature and Culture Jennifer Smith 2016-09-01 This volume focuses on intersections of race, class, gender, and nation in the formation of the fin-de-siècle Spanish

and Spanish colonial subject. Despite the wealth of research produced on gender, social class, race, and national identity few studies have focused on how these categories interacted, frequently operating simultaneously to reveal contexts in which dominated groups were dominating and vice versa. Such revelations call into question metanarratives about the exploitation of one group by another and bring to light interlocking systems of identity formation, and consequently oppression, that are difficult to disentangle. The authors included here study this dynamic in a variety of genres and venues, namely the essay, the novel, the short story, theater, and zarzuelas. These essays cover canonical authors such as Benito Pérez Galdós and Emilia Pardo Bazán, and understudied female authors such as Rosario de Acuña and Belén Sárraga. The authors included here study this dynamic in a variety of genres and venues, namely the essay, the novel, the short story, theater, and zarzuelas. The volume builds on recent scholarship on race, class, gender, and nation by focusing specifically on the intersections of these categories, and by studying this dynamic in popular culture, visual culture, and in the works of both canonical and lesser-known authors.

Diversity and Society Joseph F. Healey 2016-01-27 Adapted from Joseph F. Healey and Eileen O'Brien's bestselling *Race, Ethnicity, Gender, and Class*, this brief and accessible text presents a unified sociological frame of reference to help students analyze minority-dominant relations in the U.S. *Diversity and Society: Race, Ethnicity, and Gender, Fifth Edition* explores the history and contemporary status of racial and ethnic groups in the U.S., including differences between the experiences of minority men and women. In addition, the book includes comparative, cross-national coverage of group relations.

Race, Gender, and Citizenship in the African Diaspora

Manoucheka Celeste 2016-07-01 Winner of the National

Communication Association's 2018 Diamond Anniversary Book Award With the exception of slave narratives, there are few stories of black international migration in U.S. news and popular culture. This book is interested in stratified immigrant experiences, diverse black experiences, and the intersection of black and immigrant identities. Citizenship as it is commonly understood today in the public sphere is a legal issue, yet scholars have done much to move beyond this popular view and situate citizenship in the context of economic, social, and political positioning. The book shows that citizenship in all of its forms is often rhetorically, representationally, and legally negated by blackness and considers the ways that blackness, and representations of blackness, impact one's ability to travel across national and social borders and become a citizen. This book is a story of citizenship and the ways that race, gender, and class shape national belonging, with Haiti, Cuba, and the United States as the primary sites of examination.

The Social Construction of Difference and Inequality: Race, Class, Gender and Sexuality Tracy E. Ore 2006 This anthology examines the social construction of race, class, gender, and sexuality and the institutional bases for these relations. While other texts discuss various forms of stratification and the impact of these on members of marginalized groups, Ore provides a thorough discussion of how such systems of stratification are formed and perpetuated and how forms of stratification are interconnected. The anthology supplies sufficient pedagogical tools to aid the student in understanding how the material relates to her/his own life and how her/his own attitudes, actions, and perspectives may serve to perpetuate a stratified system.

Communication in Our Lives Julia T. Wood 2016-09-14 COMMUNICATION IN OUR LIVES, 8th Edition, provides everything students need to strengthen their interpersonal, group, public speaking, and media literacy skills -- as well as demonstrates the value of communication in their personal and

professional lives. Award-winning scholar Julia T. Wood combines the latest research and theory with hands-on skills development to help readers become more confident and effective communicators. In addition to its signature coverage of social and cultural diversity, the eighth edition includes an early emphasis on public speaking, expanded coverage of mass and social media, a new focus on health communication, and examples of the importance of effective communication in today's careers. Understanding Race, Class, Gender, and Sexuality Lynn Weber 2010 *Understanding Race, Class, Gender, & Sexuality: A Conceptual Framework, Second Edition*, is the only text that develops a theoretical framework for the analysis of intersectionality. Weber argues that these social systems are historically and geographically contextual power relationships that are simultaneously expressed and experienced at both the macro level of social institutions and the micro level of individual lives and small groups. This is also the only text that teaches students how to apply the theory to their own analyses. Originally published in its first edition as two separate books, the second edition integrates the main text and the case studies into one volume. As in the previous edition, Weber uses education as an extended example to show students how to conduct a race, class, gender, and sexuality analysis. With completely updated data, this edition adds important new research in sexuality, globalization, and education. It also features new case studies, including one on Hurricane Katrina and another on the 2008 Presidential election. *Understanding Race, Class, Gender, & Sexuality: A Conceptual Framework, Second Edition*, can be used in a variety of courses: in social inequality, communication, women's and gender studies, ethnic studies, American studies, sociology, political science, human services, and public health.

Hyper Sexual, Hyper Masculine? Brittany C. Slatton 2016-05-13 This book provides critical insights into the many, often overlooked, challenges and societal issues that face contemporary black men, focusing in particular on the ways in which governing societal expectations result in internal and

external constraints on black male identity formation, sexuality and black 'masculine' expression. Presenting new interview and auto-ethnographic data, and drawing on an array of theoretical approaches methodologies, *Hyper Sexual, Hyper Masculine?* explores the formation of gendered and sexual identity in the lives of black men, shedding light on the manner in which these are affected by class and social structure. It examines the intersecting oppressions of race, gender and class, while acknowledging and discussing the extent to which black men's social lives differ as a result of their varying degrees of cumulative disadvantage. A wide-ranging and empirically grounded exploration of the intersecting roles of race, masculinity, and sexuality on the lives of black men, this volume will appeal to scholars across the social sciences with interests in race and ethnicity, gender and sexuality, social stratification and intersectionality.

Social Statistics for a Diverse Society Chava Frankfort-Nachmias 2006 Written especially for undergraduate students taking their first course in social statistics, this highly accessible bestselling text has been thoroughly revised and updated with the latest General Social Survey data. This new Fourth Edition maintains the same informal, conversational writing style along with the many pedagogical features have led to the previous editions' widespread success. It also introduces new social issues, including more analysis of cultural diversity. In this Fourth Edition, the authors have introduced a strong global perspective by using real-life examples from the International Social Survey Programme that help expand the students' analytical focus beyond the United States.

Law and Ethics in the Business Environment Terry Halbert 2014-02-01 Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text.

Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world. Playing by the Rules Leanne M. Dzubinski 2021-03-04 The purpose of this study was to understand how women lead and make meaning of their leadership in evangelical mission organizations. Twelve executive-level women were interviewed. They described how they came to lead and told stories of their successes and challenges. They also described their thoughts on why they were chosen to lead, and what it was like to be a woman leader in their organizations. Analysis of their stories revealed their challenges as well as organizations' ongoing ambivalence regarding women leaders. Conclusions from the study and suggestions for improved organizational practice are offered.

Race, Gender, Sexuality, and Social Class Susan J. Ferguson 2015-07-16 An eye-opening exploration of how social statuses intersect to shape our identities and produce inequalities. In this fully edited and streamlined *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity, Second Edition*, Susan Ferguson has carefully selected readings that open readers' eyes to the ways that social statuses shape our experiences and impact our life chances. The anthology represents many of the leading voices in the field and reflects the many approaches used by scholars and researchers to understand this important and evolving subject. The anthology is organized around broad topics (Identity, Power and Privilege, Social Institutions, etc.), rather than categories of difference (Race,

Gender, Class, Sexuality) to underscore this fundamental insight: race, class, gender, and sexuality do not exist in isolation; they often intersect with one another to produce social inequalities and form the bases of our identities in society. Nine readings are new to this edition: Michael Polgar—on Jewish assimilation and culture in the U.S. Katherine Franke—on the 1940 Supreme Court case, *Suneri v. Cassagne*, concerning racial identity Carla Pfeffer—on transgender identity Michelle Alexander—on the New Jim Crow Richard Lachmann—on the decline of the U.S. as an economic and political power Abby Ferber—on privilege and “oppression blindness” Amada Hess—Why Women Aren’t Welcome on the Internet Iris Marion Young—Five Faces of Oppression Ellis Cose—Rage of the Privileged “The choice of readings in *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity* is better than my current text in terms of inequality and steps of closing the gaps.” – Dr. Deden Rukmana, Savannah State University “I really like how *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity* deals with underlying concepts rather than difference by x, y, or z.” – Ana Villalobos, Brandeis University

Race, Ethnicity, Gender, and Class Joseph F. Healey 2018-01-20 Known for its clear and engaging writing, the bestselling *Race, Ethnicity, Gender, and Class* by Joseph F. Healey, Andi Stepnick, and Eileen O’Brien has been thoroughly updated to make it fresher, more relevant, and more accessible to undergraduates. The Eighth Edition retains the same use of sociological theory to tell the story of race and other socially constructed inequalities in the U.S. and for examining the variety of experiences within each minority group, particularly differences between those of men and women. This edition also puts greater emphasis on intersectionality, gender, and sexual orientation that will offer students a deeper understanding of diversity. New to this Edition New co-author Andi Stepnick adds fresh perspectives to the book from her teaching and research on race, gender, social

movements, and popular culture. New coverage of intersectionality, gender, and sexual orientation offer students a deeper understanding of diversity in the U.S. The text has been thoroughly updated from hundreds of new sources to reflect the latest research, current events, and changes in U.S. society. 80 new and updated graphs, tables, maps, and graphics draw on a wide range of sources, including the U.S. Census, Gallup, and Pew. 35 new internet activities provide opportunities for students to apply concepts by exploring oral history archives, art exhibits, video clips, and other online sites.

Susan J. Ferguson 2015-08-06 We offer these texts bundled together at a discount for your students. Ferguson: Race, Gender, Sexuality, and Social Class, 2e An eye-opening exploration of how social statuses intersect to shape our identities and produce inequalities. In this fully edited and streamlined Second Edition, Susan Ferguson has carefully selected readings that open readers' eyes to the ways that social statuses shape our experiences and impact our life chances. The anthology represents many of the leading voices in the field and reflects the many approaches used by scholars and researchers to understand this important and evolving subject. The anthology is organized around broad topics (Identity, Power and Privilege, Social Institutions, etc.), rather than categories of difference (Race, Gender, Class, Sexuality) to underscore this fundamental insight: race, class, gender, and sexuality do not exist in isolation; they often intersect with one another to produce social inequalities and form the bases of our identities in society. Healey: Race, Ethnicity, Gender, and Class, 7e Joseph F. Healey and Eileen O'Brien's Race, Ethnicity, Gender, and Class, Seventh Edition once again uses sociological perspectives to tell the story of race and other socially constructed inequalities with consistency and clarity. Through a vivid writing style and engaging pedagogical

features, the authors ensure that readers engage with core concepts in a meaningful way. The text conveys much of the richness and varieties of experience within minority groups, instead of treating them as single, undifferentiated entities. Although it focuses mainly on the minority groups in the United States, it compares group relations in the United States with other societies as well. Excursions in World Music Bruno Nettl 2015-08-27 Explore the relationship between music and society around the world This comprehensive introductory text creates a panoramic experience for beginner students by exposing them to the many musical cultures around the globe. Each chapter opens with a musical encounter in which the author introduces a key musical culture. Through these experiences, students are introduced to key musical styles, musical instruments, and performance practices. Students are taught how to actively listen to key musical examples through detailed listening guides. The role of music in society is emphasized through chapters that focus on key world cultural groups.

Gender and Migration Christiane Timmerman 2018-11-23 The impact of gender on migration processes Considering the dynamic and reciprocal relationship between gender relations and migration, the contributions in this book approach migration dynamics from a gender-sensitive perspective. Bringing together insights from various fields of study, it is demonstrated how processes of social change occur differently in distinct life domains, over time, and across countries and/or regions, influencing the relationship between gender and migration. Detailed analysis by regions, countries, and types of migration reveals a strong variation regarding levels and features of female and male migration. This approach enables us to grasp the

distinct ways in which gender roles, perceptions, and relations, each embedded in a particular cultural, geographical, and socioeconomic context, affect migration dynamics. Hence, this volume demonstrates that gender matters at each stage of the migration process. In its entirety, *Gender and Migration* gives evidence of the unequivocal impact of gender and gendered structures, both at a micro and macro level, upon migrant's lives and of migration on gender dynamics.

Intersectionality Patricia Hill Collins 2020-04-17 The concept of intersectionality has become a central topic in academic and activist circles alike. But what exactly does it mean, and why has it emerged as such a vital lens through which to explore how social inequalities of race, class, gender, sexuality, age, ability, and ethnicity shape one another? In this fully revised and expanded second edition of their popular text, Patricia Hill Collins and Sirma Bilge provide a much-needed introduction to the field of intersectional knowledge and praxis. Analyzing the emergence, growth, and contours of the concept of intersectionality, the authors also consider its global reach through an array of new topics such as the rise of far-right populism, reproductive justice, climate change, and digital environments and cultures. Accessibly written and drawing on a plethora of lively examples to illustrate its arguments, the book highlights intersectionality's potential for understanding complex architecture of social and economic inequalities and bringing about social justice-oriented change. Intersectionality will be an invaluable resource for anyone grappling with the main ideas, debates, and new directions in this field.

Benshoff 2011-08-26 *America on Film: Representing Race, Class, Gender, and Sexuality in the Movies*, 2nd Edition is a lively introduction to issues of diversity as represented within the American cinema. Provides a comprehensive overview of the industrial, socio-cultural, and aesthetic factors that contribute to cinematic representations of

race, class, gender, and sexuality Includes over 100 illustrations, glossary of key terms, questions for discussion, and lists for further reading/viewing Includes new case studies of a number of films, including *Crash*, *Brokeback Mountain*, and *Quinceañera*
Race, Class, and Gender Margaret L. Andersen 2013 Featuring an accessible and diverse collection of more than 60 writings by a variety of scholars, *RACE, CLASS, & GENDER* demonstrates how the complex intersection of people's race, class, and gender (and also sexuality) shapes their experiences, and who they become as individuals. Each reading addresses a timely--and often controversial--topic, such as the sub-prime mortgage crisis, health care inequality, undocumented students, and social media, thus giving readers a multidimensional perspective on a number of social issues. To provide an analytical framework for the articles, co-editors Andersen and Hill Collins begin each section with an in-depth introduction.

Statistics Joseph F. Healey 2012 *STATISTICS: A TOOL FOR SOCIAL RESEARCH*, International Edition, is a comprehensive, reader-friendly text that uses real-world examples, engaging exercises, and special features in every chapter to help even the most math-averse students succeed in a required statistics course. At the same time, this versatile text is appropriate for more advanced students in diverse social science disciplines, providing an accessible, well-balanced introduction to fundamental concepts of statistics and their practical application to a wide variety of contemporary social issues. The text covers hand calculations and the use of computers, providing a solid grounding in both traditional formulas and the latest SPSS statistical software package. Healey effectively breaks down even complex material to help students master key concepts and hone the skills they will need to succeed as professionals in a social science field--or simply to become "statistically literate," intelligent consumers of social research.
