What Comes After Occupy?

Todd A. Comer 2015-10-05

Occupy Wall Street, as centered in New York City, received much publicity. Little attention, however, has been granted to the hundreds of Occupy groups in marginal locations whose creative politics were certainly not

limited by the influential example of Occupy in Zuccotti Park. This volume rectifies this oversight, with thirteen essays critically addressing the politics of occupation in places such as Indiana, Oregon, Texas, Ohio, Pennsylvania, Montana, and California. It initiates an interdisciplinary and critical

discussion concerned with the importance of the 'local' to contemporary politics; the evolution of Occupy Wall Street tactics as they changed to fit differing, non-spectacular contexts; and what worked or did not work politically in various contexts. All of the above is designed to inform and improve that as-of-yet-unnamed movement which will come after Occupy. Boasting scholars from sociology, English, anthropology, peace studies, and history, the volume is divided into three major sections: Occupying the Local: Promise and Predicament; Occupying Space and Borders: South, East, and West; and Occupying the Media: Local, Regional, and National Dilemmas.

Museums and Public Art? Cher Krause Knight 2018-06-11 While many museums have ignored public art as a distinct arena of art production and display, others have – either grudgingly or enthusiastically – embraced it. Some institutions have partnered with public art agencies to expand the scope of special exhibitions; other museums have attempted to establish in-house public art programs. This is the first book to contextualize the collaborations between museums and public art through a range of essays marked by their coherence of topical focus, written by leading and emerging scholars and artists. Organized into three sections it represents a major contribution to the field of art history in general, and to

those of public art and museum studies in particular. It includes essays by art historians, critics, curators, arts administrators and artists, all of whom help to finally codify the largely unwritten history of how museums and public art have and continue to intersect. Key questions are both addressed and offered as topics for further discussion: Who originates such public art initiatives, funds them, and most importantly, establishes the philosophy behind them? Is the efficacy of these initiatives evaluated in the same way as other museum exhibitions and programs? Can public art ever be a “permanent” feature in any museum? And finally, are the museum and public art ultimately at odds, or able to mutually benefit one another?

Ecclesianarchy John Williams
2020-09-30 Strategic thinking about ministry and mission has tended to focus on the challenges of communication and

presentation. Less attention has been paid to the effects that this thinking has on ministry. There is an unacknowledged dilemma for churches insofar as they are caught between the challenge to re-shape ministry in response to cultural change and the belief that there are certain God-given, immutable foundations for ministerial order that must be retained. Arguing that what is needed is a provisional approach to ministry which recognises that all forms of ministry are, and always have been a response to social and cultural context, this book brings theological and practical insight to bear on the question of ministry’s provisionality. In the end, it asks, is the only way through this dilemma a kind of Ecclesianarchy?

First Expressions Steve Taylor
2019-12-30 Seeking insight from the real-life development of the earliest expressions of emerging church from their birth, through times of adolescent angst and into the reality of adulthood, this book offers a unique insight into the long-term sustainability of fresh expressions. Presenting the lived practice of the church in mission through a longitudinal lens, and eschewing the rose-tinted approach, it considers the reality of emerging churches - their birth and death, their creativity

and conflict, their dreams and despair. A picture of a church that is neither gathered and parish nor independent and networked emerges as the biographies of mission are brought into dialogue with a very ancient expression of mission, the birth of Philipians as a first expression of church in Europe..

Inferior Office Francis Young
2015-04-30 In spite of the centrality of the threefold orders of bishop, priest and deacon to Anglicanism, deacons have been virtually invisible in the contemporary Church of England. 'Inferior Office?' is the first complete history of this neglected portion of the clergy, tracing the church's changing theology of the diaconate from the Ordinal of 1550 to the present day. Francis Young skilfully overturns the widely held belief that before the twentieth century, the diaconate was merely a brief and nominal

period of probation for priests, revealing how it became an integral part of the Elizabethan defence of conformity and exploring the diverse range of ministries assumed by lifelong deacons in the seventeenth and eighteenth centuries. Lifelong deacons often belonged to a marginalised 'lower class' of the clergy that has since been forgotten, an oversight of considerable importance to the wider social history of the clergy that is corrected in this volume. 'Inferior Office?' tells the story of persistent calls for the revival of a distinctive diaconate within the Victorian Church of England and situates the institution of deaconesses and later revival of the distinctive diaconate for women, as well as subsequent developments, within their wider historical context. Set against this backdrop, Young presents a balanced case both for and against the further development of a distinctive

diaconate today, offering much to further discussion and debate amongst clergy of the Church of England and all those with an interest in the rich tapestry of its history.

Liturgy with a Difference

Stephen Burns 2019-05-31

Liturgy with a Difference gathers a broad range of international theologians and scholars to interrogate current practices of liturgy and worship in order to unmask ways in which dehumanizing majoritarianisms and presumed norms of gender, culture, ethnicity, and body, among others, remain at work in congregations.

The Revised Common

Lectionary Consultation On

Common Texts 2010-10-01 This historic and authoritative volume contains the complete three-year listing of the Revised Common Lectionary (Years A, B, and C) to guide preaching and Scripture reading on the Lord's Day.

Abingdon Press. Also included are an introduction explaining the nature and uses of lectionaries and a brief history of the Consultation on Common Texts. All Things Necessary Marti Rideout 2013-01-01 A Guide to the Practice of Church Music by Marion J. Hatchett was published by Church Hymnal Corporation in 1989 and was an invaluable resource for church musicians, clergy, and educational programs in the church, such as the Leadership Program for Musicians (LPM). Since that time our liturgical language expanded and changed the scope of our worship offerings. The hymnody of other cultures, as well as hymn writers from the past thirty years, has influenced congregational song. The use of the Revised Common Lectionary has necessitated the need for new liturgical and music planning texts. All Things Necessary: A Practical Guide for Episcopal Church Musicians by Marti

Rideout is a resource for musicians serving in Episcopal Churches who come from other denominations; clergy who desire to have a deeper appreciation for church music and who seek a resource that will help them in their ministries; those who are new to church work, and those who have served the church but desire to expand their knowledge. This book provides: - Comprehensive information about the Episcopal Church, The Book of Common Prayer (1979), liturgical resources published since then and the opportunities for music within the various rites, The Hymnal 1982 and all hymnal supplements and resources written since that publication. - A philosophy of music in the Episcopal Church. - A complete compilation of service music and canticles for the Daily Offices, Holy Eucharist and Sacraments from Church Publishing's six main hymnal sources. - Suggestions for the

singing of Psalms and planning liturgies throughout the liturgical year. - Extensive lists of sources for most aspects of church music and liturgy, terms and definitions from an Episcopal perspective, and a practical bibliography.

The Poetry of Faith Stephen F. Dill 2013-01-01 The ministry of the Rev. Stephen F. Dill was forged in the turbulent civil rights years when he stood for social justice and spoke against racial segregation. In this collection of sermons--many from his 20 years as pastor of Dauphin Way United Methodist Church in Mobile, Alabama--Dill reflects on the implications of his faith for the lives of individuals and for the life of the world. Robin Wilson, one of Dill's successors at Dauphin Way, praises "the bold humility" of his message, and author Frye Gaillard, in the book's introduction, offers this description of Dill and his sermons: "Almost inevitably, the poetry of his preaching caught

the quick of my imagination and quietly, inevitably made me think." Appropriately, the publication of *The Poetry of Faith* coincides with the 100th anniversary of Dauphin Way. But these challenging and reassuring sermons resonate far beyond those walls. As Methodist educator Gorman Houston put it, this is the Christian faith at its finest, for Stephen Dill has always been "one of those ministers ... able to see the church as it should be and not as it was."

For the Good of the Church Gabrielle Thomas 2021-02-26 What do we need to learn and receive from the other to help us address challenges or wounds in our own tradition? That is the key question asked in what has come to be known as 'receptive ecumenism'. And nowhere is this question more pressing and pertinent than in women's experiences within the church. Based on qualitative research from five focus groups, 'For the Good of the Church' expose the

difficulties women face when they work in a church – sexism, unfulfilled vocation, and abuse of power and privilege, as well as the wide range of gifts and skills which women bring in light of these. The second part of the book continues to draw on the particular wounds and gifts, which arise in the focus groups. Specific case studies are used to identify gifts of theology, practice, experience, vocation and power. Against negative prognoses of an ‘ecumenical winter’, Gabrielle Thomas reveals how radically different theological and ecclesiological perspectives can be a space for learning and receiving gifts for the well-being of the whole Church.

Our Membership Vows in The United Methodist Church Mark Stamm 2015-05-04 A resource for both newcomers to the United Methodist Church and those who have been members for decades, *Our Membership Vows* is a

The human dilemma of displacement Alfred R. Brunson

2020-12-31 In this book social responsive theological research converges to provide practical theological and ecclesiological perspectives on the growing human dilemma of displacement. The book presents the research of practical theologians, a missiologist and a religious practitioner whose work pertains first and foremost to the (South) African context. The different fields of expertise of the contributors within the broader field of practical theology worked towards a unique compilation of themes, each relevant to the issue at stake. The majority of chapters are theoretically orientated,

except where authors refer to empirical work conducted during previous research. The main contribution of this collaborative work is to be sought in the practical theological and ecclesiological perspectives it provides. It engages the critical questions of what kind of church we need, and what kind of care we should provide in the face of the growing predicament of human displacement. The theological and theoretical principles uncovered in the different chapters will be of use to theologians from all theological subdisciplines, as well as to religious practitioners and leaders of faith communities that are challenged with the growing realities of strangers on their doorsteps and in their pews.

A Religion with Gaps? Andrew Ratanya Mukaria 2022-04-21 The challenges facing contemporary Êembe Christianity are similar to those that the young Greco-Roman Christians faced. For the

Greco-Roman, the challenge was trying to appropriate the gospel in an understandable and authentic way for the locals as far as Christianity was concerned. In Êembe, the church has to try to integrate some cultural values within Christianity so that the Êembe would view it as an Êembe religion and as part of the universal religion instead of a foreign one. This book mainly focuses on the Êembe community, a sub-group of the Meru tribe in Kenya. It centres on understanding how Êembe spirituality has been a challenge to Christianity, especially as far as healing, health and wholeness, calamities, and witchcraft are concerned. It is also in this perspective that the office of traditional healers is studied. To reach an understanding, integration and interpretation, the author presents views and perspectives from the local context. Andrew presents a missiological Christological view

with Jesus as *Muwe par excellence*. This is an aspect whereby Jesus takes the central position as a healer in the *Îembe* community. If restoration and healing are God's activities, with an eschatological impact, then God is the healer, and the church is an element of the *Missio Dei*. Healing is, therefore, a *missio ecclesiae* activity. The church in Christ has taken the central stage as *Muwe par excellence*, a principle that churches in *Îembe* should dwell on, teach and practice

Yet Alive? Methodists in British Fiction since 1890 David

Dickinson 2016-06-22 Reading

the novels of George Eliot, Arthur Quiller-Couch, Barry Unsworth, and others, as a Methodist, David Dickinson offers a colourful picture of Methodists in British fiction since the close of the nineteenth century. In the first century and a half of the denomination's influence, many novels treated Methodist themes,

settings and characters – and several authors were themselves Methodist – but as Methodism declined, its appearances in modern English literature diminished. Nevertheless, it retains a strong, if paradoxical, presence in popular imagination, fed in part by its fictional depiction. *Yet Alive?* argues that, despite, or perhaps because of, the process of secularisation, novels depicting Methodists play an important role in literature's ongoing exploration of spiritual, religious and theological themes, and that Methodists have much to learn from the way authors see them.

Immigration: Welcome or Not?

Erin L. McCoy 2018-12-15

Whether immigration helps or hurts the United States economically, socially, and culturally is a complex question that has both troubled and defined North America since the first colonists arrived. At various stages in American history, the

country has both welcomed immigrants as the backbone upon which the nation was founded and rejected them because of their religious, cultural, or linguistic background or because of their economic status. This book outlines the legal and social history of immigration to the United States and frames the immigration debate today. Through full-color photographs and insightful sidebars, readers will gain a nuanced understanding of the many factors that continue to define immigration policy.

Along the Way Jeff Waeger

2021-05-03 This is the story of my life's journey. It began with my growing up in a small town in eastern Massachusetts where a caring community surrounded you every day and everywhere. Then on to college and marriage where I began my career. Over the years, our family moved several times to new places in different states. At each stop, we met new people, formed new friendships, and lived through all of the experiences of life, individually and as a family. Everywhere we moved, we were blessed to receive the love and care of God's church through being embraced by and accepted into nurturing and loving faith communities. God's light and love held us together all along the way. We'll share with you some of our true-life accounts of faith, family, and relationships from each of those locations. You'll read about wins and losses,

successes and setbacks, challenges and perseverance, and about love-family love shared in some amazing ways-and God's love shared with us every step of the way. Learn about my call from God and how I finally answered it in an amazing sequence of events that unfolded successfully with God's help. I hope you'll find some helpful thoughts from the accounts and reflections in this book that will help you in your journey through life. We live in a time of heightened anxiety and uncertainty. Some say our future is in doubt. I have five amazing grandchildren. Read this book and see if you agree with my assessment: "I'm confident about our future because I'm certain about our children and our grandchildren." I would offer this word to you today: Uplift your family in prayer as you uphold them in God's love. Be there for each other. All of our life's journeys continue. I'd love to hear how

yours is going, who have you met, what have you learned, and what will you be sharing with your grandchildren. Contact Jeff at: jeffrey.waeger@yahoo.com

Memoir of Madness Paul Stark
2014-02-07 In Washington D.C.
Paul Stark handled contracts for the Federal Government worth millions of dollars and had a military security clearance with access to some of this Nation's most sensitive secrets. All the while he suffered from a crippling mental illness that eventually struck him down.

Along the way, he became a confidential informant to the FBI, negotiated contracts worth more than \$100 Million, and grazed the power politics of Washington. He also spent years in and out of mental institutions. This is a powerful and graphic depiction of mental illness. This is a must-read for anyone interested in mental illness in general, bipolar disorder in particular, the interplay of religion and psychosis, and anyone seeking to know how a person can make peace with such a devastating illness and live a meaningful life.

Margaret Cline Harmon 2016-04-18 This book commemorates Zachary

United Methodist Church's 125th Anniversary celebration on October 11, 2015. Margaret Cline Harmon interviewed descendants of Charter Members of the church about their memories of growing up in the church and the community. Their reflections contained in this book are priceless historical snapshots of what it was like growing up in the Zachary United Methodist Church and the Zachary area during our formative years of the twentieth-century and fifteen years beyond. These interviews, along with the history of this church, is a real treasure to cherish for all who were blessed to be a part of this church and community between 1890 and 2015.

The African American Community in Rural New England David H. Levinson
2006-10-30 The African American Community in Rural New England: W. E. B. Du Bois and His Boyhood Church: W. E. B. Du Bois and His Boyhood Church (formerly published in hardcover as Sewing Circles, Dime Suppers, and W. E. B. Du Bois: A History of the Clinton A. M. E. Zion Church) is a story of a small New England church's role in the national civil rights movement. Featuring more famous figures such as Du Bois, this book also tells the story of the church's lesser known members

who struggled to keep it in existence, all the while fighting for their rights in a shifting social climate. The African American Community in Rural New England is the often heroic tale of a small group of African Americans who founded and have maintained their church in a small New England town for nearly 140 years. The church is the Clinton African Methodist Episcopal Zion Church and the town is Great Barrington, Massachusetts - the hometown of the leading African American scholar and activist W. E. B. Du Bois. Du Bois attended the church as a youth and wrote about it; these writings are one source for this history. The book gives readers a broad view of the details of the church's history and recounts the story of its growth. Du Bois plays a crucial role in the national fight for social justice, of which the church was and remains an important part.

A Synopsis of Racism in the African Christian Mission of 19th and 20th Centuries Andrew

Ratanya Mukaria 2020-01-01 This book is not out to condemn or blame any European person, but rather understand the world from its past misdeeds, lest we forget. After all, 'history is the backbone of society, and we cannot hide the past no matter how painful it is. Although there were 'bad intentions' to the mission drive of the 19th and 20th Centuries, we also experienced positive achievements. Sometimes, blessings can come out of the worst situations or encounters. Such missionary activities, coupled with imperialism, are the cause of the global union.' The world is a global family, even with all the differences and inequalities still so visible under globalization. Yet, racism, like white supremacy, was a theme

surrounding the 19th and 20th-century European mission to Africa. Perhaps it is good to understand that no other continent has suffered due to racism, a result of Eurocentrism and imperialism as Africa did. Africa lost its culture, people, and resources. The continent and her people have stagnated for decades, even after years of assuming self-rule (own leadership) in most sectors of the society. The reason behind it is that its structures were eroded, and those introduced served one purpose; to satisfy and justify imperialism and its core to 'civilizing mission.' Cases of Rwanda and Burundi genocide are historical seeds of hatred planted by explorers such as Speke's Hamitic theory. The imperialism past of the Democratic Republic of Congo holds a symbol of rape and cruelty despite its vast resources. Nevertheless, we cannot blame everything that contemporary

Africa is suffering from on Imperialism and Eurocentrism. The current crop of leaders must take the blame too. Most have seen debts accumulate. The mismanagement of the economies and embezzlement of the resources only replicates the colonial past. The fact is that most do not invest in people but themselves. The majority lack basics in the likes of education, health care, and improvement of knowledge, skills, and technology. They have left Africa to further exploit in the hands of neo-imperialism in terms of globalization, capitalism, cultural imperialism and conditional aid. These bring little to no gain in Africa, and instead, escalate the suffering. This book unearths the legacy of the 'racism mission' and colonialism, a terrible part of Africa history. It is a legacy of dehumanization, wars, and human sufferings. If we ignore such history, we might forget and likely, repeat it.

Andrew Ratanya Mukaria (Dr).
